2010 Mental Health Conference
Reinforcing Recovery and Resiliency

October 5-6, 2010
Iowa State Center, Scheman Building
Ames, Iowa

The 2010 Mental Health Conference is designed for professionals, clinicians, providers, administrators, educators, consumers, family members, advocates, and other providers to:

- Provide an educational opportunity to hear professionals and experts share the most recent trends and issues, treatment methods, and research relating to mental health and mental illness.
- Provide a forum to stimulate discussion, exchange ideas, and strengthen the support and information network around the state.
