Clinical Teaching Skills Workshop
Thursday, May 5, 2016
8:00 A.M. to 12:00 P.M.
Eastroom (8RCP)

This workshop will focus on teaching skills to use in clinical settings. We will emphasize practical approaches to typical tasks that faculty face in their careers.

During this workshop we will offer ideas on how to enhance your skills in
• Clinical Teaching: Resourceful methods for teaching learners in the context of patient care
• Feedback: Helpful approaches for providing feedback for learners and soliciting feedback from learners
• Evaluating Learners: Objectively assessing learner performance and writing useful comments to guide behavior change

This program is open to all College of Medicine faculty members. Staff and faculty from the Office of Consultation and Research in Medical Education and the Carver College of Medicine will conduct the Program.

Ways to register:
Electronic Form: Click here.
Contact Stephanie Burnett: 335-8901 or stephanie-burnett@uiowa.edu
Mail in form at the bottom of this notice to OCRME, 1204 MEB.
Please register by Friday, April 22, 2016.

Sponsored by the Office of Consultation and Research in Medical Education (OCRME) and the Office of Faculty Affairs and Development
University of Iowa Roy J. and Lucille A. Carver College of Medicine
