2019 AWHONN Advanced Fetal Heart Monitoring Workshop Dates
March 13; May 30; October 24

Location: March class: Children & Women’s Services Classroom, 8770 John Pappajohn Pavilion (JPP), UI Hospitals & Clinics, Iowa City, IA
May & October classes: Nursing Clinical Education Center, 4 West, General Hospital, UI Hospitals & Clinics, Iowa City, IA

Audience: This course is designed for clinicians who previously completed the AWHONN Intermediate Fetal Monitoring Course, a comparable fetal monitoring educational program and/or who hold certification or added credentials in fetal heart monitoring.

Nursing Credits: AWHONN is accredited as a provider of continuing education in nursing by the American Nurses Credentialing Center’s Commission on Accreditation. AWHONN also holds a California BRN number: California CNE provider #CEP580. Those who attend and participate in the entire course will receive 8 contact hours of continuing education credit. Professional Education Services Group provides 6 CME. Participation in the entire course is necessary. Accredited status does not imply endorsement by AWHONN or ANCC of any commercial products displayed or discussed in conjunction with an activity.

Objectives:
1. Describe physiologic principles of maternal and fetal oxygen transfer and acid-base balance.
2. Identify physiologic principles underlying fetal heart monitoring.
3. Describe concepts in antenatal testing including analysis and interpretation of biophysical profiles and complex antenatal fetal heart monitoring tracings.
4. Relate physiologic principles to the goals and interventions of antenatal testing.
5. Evaluate interventions for patients undergoing antenatal testing.
6. Analyze fetal cardiac arrhythmia patterns and describe outcomes associated with these patterns.
7. Analyze complex fetal heart monitoring patterns utilizing current NICHD/ACOG FHM terminology and categories.
8. Apply perinatal risk management principles, communication techniques and documentation strategies related to complex and challenging patient care scenarios.

UI Hospitals and Clinics Department of Nursing Children’s and Women’s Services

Faculty: Jeana Forman, MSN, RNC-OB; Nursing Practice Leader

Faculty is a AWHONN FHMPP Instructor

Registration Fee: The registration fee for the course is $177. The fee includes student manual, breaks, and CE credits; lunch is on your own.

Course reading/class materials: Registrants are responsible for purchasing / accessing course reading, Fetal Heart Monitoring Principles and Practices, 5th Edition. The electronic text with 1 year access is available for $35. Contact Jeana Forman at jeana_forman@uiowa.edu for information.

Class materials are ordered from AWHONN three weeks prior to the program. Late registrants may be accepted, therefore late registrants are responsible for purchasing/accessing the course text on their own; please contact Jeana Forman at the above email address.

Registration: Return the completed registration form and applicable fees three weeks prior to the workshop. Class size is limited. CONFIRMATION WILL NOT BE MAILED. Maps, housing information and receipts will be provided upon request.

Refunds: Full refund if notified by the designated registration deadline date; no refunds after that date. Substitutions are permitted at any time.
