Manager
Human Resources, Learning and Development
Project focus:
Develop and implement a supervisor training program focused on employment laws and policies to ensure supervisors throughout UI Health Care have the knowledge to successfully supervise others

Guru Bhoojwason
Clinical Assistant Professor
Pediatrics
Project focus:
Standardize scheduled General Pediatrics and Newborn Nursery admissions

Jonathan Bothell
Director
Office of The Patient Experience
Project focus:
Implementation of a Provider Communication Program that utilizes Evidence-based communication skills to enhance the communication practices of Care Providers at UIHC

Nick Butler
Clinical Assistant Professor
Family Medicine
Project focus:
Implementation of a screening process to determine appropriateness for physical therapy evaluation and intervention on 6 Roy Carver inpatient unit

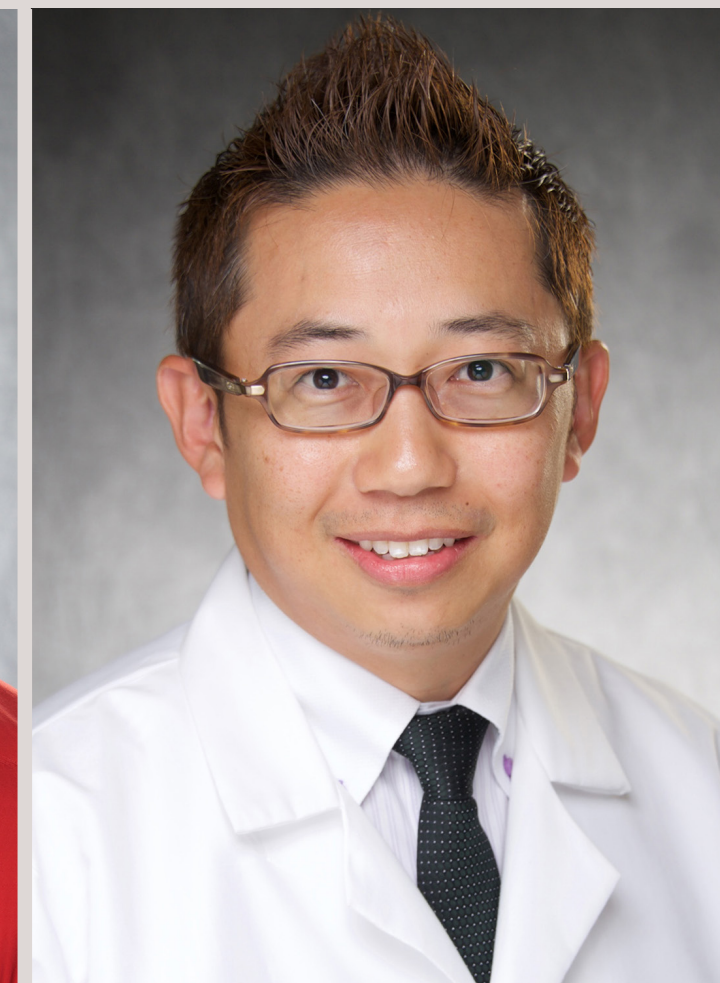

Phillip Danzer
Health Care Services Supervisor/
Assistant Manager
Radiology
Project focus:
Better connect Radiology residents with departmental research and researchers, and related departments and focus areas, throughout their entire Radiology residency

Teresa Franklin
Assistant Director, Clinical Applications
HCIS
Project focus:
The After Visit Summary optimization project improved the key health information communicated between providers and patients across the state of Iowa

Jonathan Garringer
Facilities Services Coord
Environmental and Guest Services
Project focus:
Implementing a "Huddle Board" in CWS, Environmental Services that will eventually be implemented throughout all of Environmental Services

Yuga Hagiwara
Clinical Assistant Professor
Internal Medicine
Project focus:
Develop an Innovative Approach to the Outpatient Supportive & Palliative Care Clinic Flow

Greg Hamilton
Health Care Services Manager/
Assistant Department Director
Hospital Admin
Project focus:
Develop a process for specialty palliative telehealth consultation in partnership with the Virtual Hospitalist Program, as a means of advancing Palliative Outreach

John Heinemann
Manager, Clinical Practice and Operations
Pediatrics
Project focus:
Complete a staffing & template analysis for the Department of Pediatric specialty providers (both physicians and APPs) across all practice locations (PSC, IRL, & Outreach) to develop departmental template guidelines and protocols to reduce variation and inefficiency

Justin Kahler
Program Coordinator
Cancer Center
Project focus:
Develop value-based metrics and reporting mechanism for Adolescent and Young Adult Cancer Program

Diane Lamb
Nursing Manager
Nursing Admin
Project focus:
Implementation and ongoing development of a Fixed Wing program at the University of Iowa with initial focus on neonate, pediatric patient and then expanding to all appropriate patient populations

Dan Lose
Nurse Manager – 6RC
Nursing Admin
Project focus:
Training RNs to complete the patient mobility assessment and using data to drive decision-making for the interdisciplinary team

Alisha Loy
Qual & Op Improv Engineer
Operations Excellence
Project focus:
Building a Quality and Lean Foundation for "Cancer's Newest Miracle Cure"

Jenna Lueuth
HR Manager
Pharmacy
Project focus:
Development of a comprehensive, accredited pharmacy technician training program with the goal of providing hands-on and experiential training to individuals entering the pharmacy technician career field

Lyndsey Mascher
Senior Accreditation Specialist
Accreditation Services
Project focus:
Assess ligature risk and mitigation plans at UIHC to ensure compliance with Joint Commission suicide prevention standards

Rachel McGuire
Mgr. Acct & Financial Analysis
Pediatrics
Project focus:
Create and implement a Stead Family Department of Pediatrics Purchasing Policy that will streamline purchases made by division administration in our decentralized structure and create efficiencies in the approval process of departmental purchases

Christine McNair
Certified RN Anesthetist/Sup
Anesthesia
Project focus:
The Patient Centered Perioperative Care project aims to improve patient flow through full coordination across the pre-surgical and post-surgical care continuum

Jason Miller
Director, Project Management
Capital Management
Project focus:
Create a data driven tool enabling leadership to properly evaluate space allocation to a department or faculty member at the Carver College of Medicine based on strategic vision, research synergies, grant funding and space availability

Anne Nielsen
Pediatric Nurse Practitioner
Pediatrics
Project focus:
Updating the Child Protection Clinical Guidelines and Epic Order Sets

Kim Ogden
Administrative Fellow
Hospital Admin
Project focus:
Evaluation of the current MA-RN staffing model in ambulatory clinics in order to determine the appropriate model that supports physicians while improving clinic efficiency and throughput

Sanela Omic
Health Care Services Supervisor/
Assistant Manager
Family Medicine
Project focus:
Leverage Epic, MyChart, and Welcome tablet functionalities to optimize the patient check-in and registration processes

Josh Paxton
Qual & Op Improv Engineer
Office of Patient Experience
Project focus:
Improving the patient experience in the Emergency Department waiting area

Andrew Phillips
Assistant Manager
Rehab Therapies
Project focus:
Streamlining inpatient physical therapy at UI Hospitals and Clinics; focus on value by emphasizing efficiency and efficacy

Nicolas Poch
Nursing Manager – 2RC
Nursing Admin
Project focus:
Optimize the use of ultrasound guided peripheral IV placement to improve the patient experience and reduce hospital acquired infections (HAIs)

Abdul Qazi
Fellow
Internal Medicine
Project focus:
Creating a closed cardiac intermediate care unit

Catherine Radzewich
Senior Project Manager
HCIS
Project focus:
Develop, evaluate and recommend process changes to the PMO project life cycle to support project managers and project leaders to identify, measure and communicate sustainable project benefits

Perna Rastogi
Clinical Assistant Professor
Pathology
Project focus:
Develop and document a standardized workflow for the 3D Histech P1000 (Pathology slide scanner) to utilize the scanned slides in patient care setting

Sarah Schneider
Nursing Practice Leader
Nursing Admin
Project focus:
Complete a gap analysis for the Experienced Nurse Fellowship program to evaluate alignment with the American Nurses Credentialing Center (ANCC) global standards and develop a timeline to pursue ANCC Practice Transition Accreditation (PTAP)

Amber Skoglund
Accreditation Coordinator
Accreditation Services
Project focus:
Work with stakeholders to bring our institution into compliance with The Joint Commission's 2018 Pain Standards

Christina Woline
Nursing Practice Leader
Nursing Admin
Project focus:
Gain a better understanding of the differences in delegated task unit-by-unit and determine how the organization could optimize the role of the nursing assistant allowing them to function at their highest level of training
