

# ADAM Home Care Instructions

## Ambulatory Patient Education

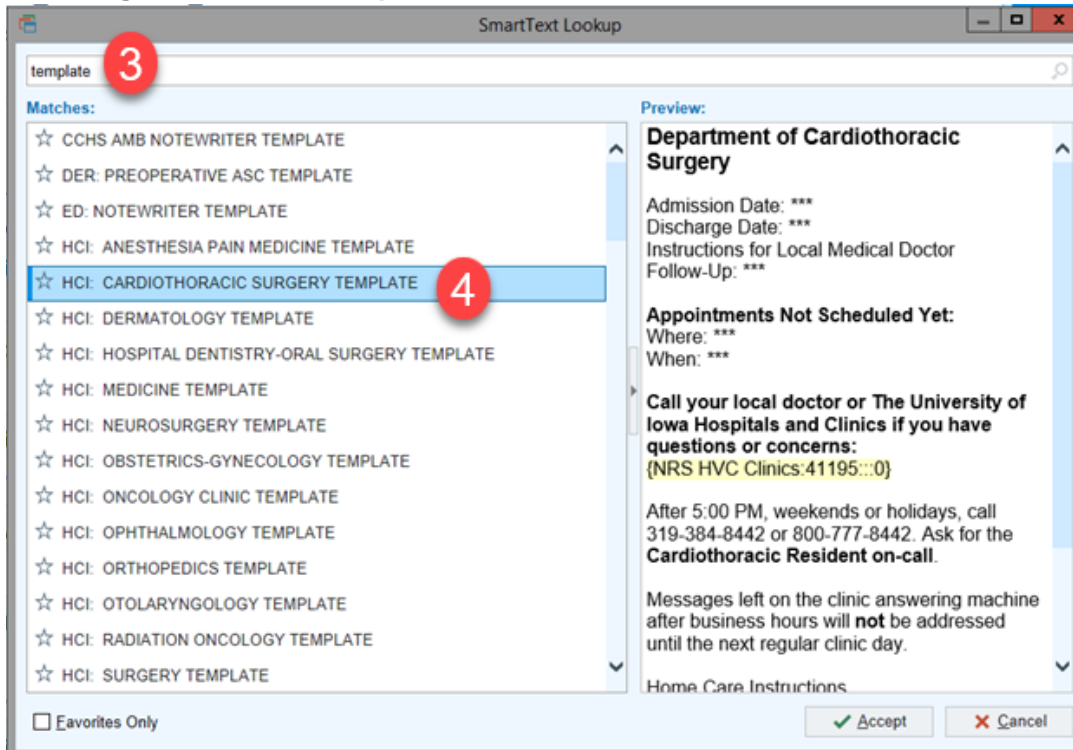

1. Click on the Wrap Up Navigator
2. Click on Patient Instructions

3. Search using the word “template” in the Insert SmartText field

- Choose the home care instructions (HCI) template for the department your patient will be returning to and click accept

- Highlight the 3 stars in the Home Care Instructions field
- Click on the instruction title you want to have populated in the Home Care Instructions section
