This workshop will help you develop effective and efficient approaches to teaching in the context of patient care, including providing effective feedback.

Objectives:
- Describe the challenges of clinical teaching
- Explore and critique a variety of opportunities and models for clinical teaching
- Identify five skills for effective, efficient clinical teaching
- Describe effective methods for giving feedback to improve performance
- Formulate actions to efficiently solicit and receive feedback
- Identify barriers that prevent effectively giving, soliciting, and receiving feedback

Presented by:
The Office of Consultation and Research in Medical Education (OCRME)
University of Iowa Roy J. and Lucille A. Carver College of Medicine

Pre-registration is requested. Please register with Stephanie at 335-8901 or stephanie-burnett@uiowa.edu

Individuals with disabilities are encouraged to attend all University of Iowa–sponsored events. If you are a person with a disability who requires a reasonable accommodation in order to participate in this program, please contact OCMRE in advance at 335-8901.
